European Federation  
of Animal Science

## The 2<sup>nd</sup> EAAP Regional Meeting

We invite you to the Southern European EAAP  
Regional Meeting!

**24<sup>th</sup> - 26<sup>th</sup> April 2024, Nicosia, Cyprus**

The EAAP regional meetings aim to highlight key animal science discoveries and novel approaches, particularly focusing on specific regional topics, which could be directly or potentially applied to management and practice.

The upcoming 2024 meeting will take place in the enchanting island of Cyprus and will be dedicated to exploring the unique characteristics of the Mediterranean region and other extreme environments in relation to animal science. Participants attending the meeting will experience many interesting animal science sessions including a plenary session. Both theatre and poster sessions abstracts submissions will be organized, and the schedule information will be communicated to participants through EAAP channels.

**Stay tuned to know more about it!**
